Brett:

I just wanted to follow up with you in regard to the Old Post Office Redevelopment. When we spoke last month you invited the USSS to share any protective requirements it has in regard to the Old Post Office site (particularly during inaugural events), with the goal of possibly incorporating these requirements into the GSA's anticipated lease agreement with the Trump Organization.

Deputy Special Agent In Charge Leon Newsome has offered to act as a USSS point of contact for this matter, and would be glad to provide you with details regarding the agency's protective interests or to answer any questions you may have. DSAIC Newsome's contact information is as follows:

Leon,

Thanks for taking the time yesterday on OPO. Please let me know if another conversation would be helpful with regards to any USSS concerns that there might be for the OPO, including but not limited to the Clock Tower, Inauguration etc. If USSS has some language that you would like to see in the 60 ground lease, please let me know at your earliest convenience. We are looking to get the business terms of the OPO deal finalized by the end of March 2013.

Please feel free to give me a buzz with any questions or comments.

Brett

Brett,

First of all, I apologize our response is late. Please see below the USSS proposed lease provision clause.

"In connection with the Presidential Inaugural Parade, the Lessee shall allow the United States Secret Service to implement security measures on the leased property. These security measures may include, but are not limited to, traffic and pedestrian restrictions, the operation of vehicle and public screening checkpoints, and the establishment of secured areas."

The USSS Office of the Chief Counsel will assist if the language requires some modification. Please call with questions.

Thanks,

Leon
